## SUMMARY & CONCLUSIONS

All the above listed personal skin care products perform their designed functions very well, and are intended to be competitively priced in the market place. Users can evaluate whether or not they consider the pricing to be competitive for the value received when using the products. It is obvious from the above chart that one product stands out above all the others for value received both in pricing and functionality.

Timber Wolf's unique multifunctional characteristics allows it to replace up to 4 or more of the other skin care products. Many companies are purchasing and stocking multiple products for use by their employees. The use of Timber Wolf eliminates this problem. Timber Wolf provides excellent cost savings with reduced inventories, ease of purchasing, and excellent product quality and functionality. The above chart makes it clear that Timber Wolf should be any organization's choice. Timber Wolf is the all-in-one utility lotion. The perfect indoor/outdoor solution!
